

OFFICIALS COMPENSATION

SBA compensates Officials by waiving monthly training fees for one child each time you cover 2 sessions. I maintain a meet calendar where I track all the the sessions you have covered. The number of Officials we need to cover a session depends on how many swimmers we have competing.

The LSC requires that we supply one official for every 25 swimmers after the first 10.

0-10 Swimmers = No Official Needed
11-35 Swimmers = 1 Official Needed
36-60 Swimmers = 2 Officials Needed
61-85 Swimmers = 3 Officials Needed
86-110 Swimmers = 4 Officials Needed

There is a meet calendar on the SI Swimming Website.

If there are sessions you wish to cover you can ask for them ahead of time and I will reserve them for you.

Starting on Wednesday before each meet I send out an email telling all Officials how many people we need to work at the meet. I don't know how many swimmers we will have until just a few days before the meet. If you already reserved a session then it is yours. Otherwise I will ask for volunteers to cover it. Simply reply to my email to take a slot. I will send a followup on Thursday and Friday before the meet starts to let everyone know who is covering what.

You do not have to officiate 2 sessions at the same meet to get credit. You can spread it out and cover one session at one meet and another at a different meet. Whenever you have covered 2 sessions your child can train for free the next month.

Always email me after a meet to confirm which sessions you covered. You can check the SBA Officials Calendar to make sure your credits are up to date.
