

## **CHRISTINA O'BECK**

### **Girls 18U/16U/14U Coaching Staff**

Christina O'Beck grew up in Newport Beach, California; where she started playing water polo for Newport Beach Water Polo Foundation at the age of eleven. She then attended Newport Harbor High School where she was a two year varsity starter under the legendary coach Bill Barnett. During this time, she was named to first all sunset-league team, second all CIF, third all county and all Southern California, and was an NISCA all American honorable mention. She continued her water polo career at the University of Michigan where she majored in Sociology with a subplan in Law, Justice, and Social Change. She helped her team win three consecutive CWPA Conference championships resulting in NCAA appearances. She is most excited to give back to the program where she first fell in love with the sport.
