

RIVERSIDE WATER POLO

Dear Community Partner,

I would like to introduce the Riverside Aquatics Water Polo Club (RWP). We are a nonprofit youth sports organization that helps develop young athletes as well rounded individuals. We strive to lead them to their full potential both in and out of the water through discipline, cooperation, responsibility, respect, commitment, composure and perseverance. Our goal is to help every individual athlete develop life skills that will greatly benefit themselves and their community.

We are reaching out to you and your business asking for support towards our organization this year with a tax-deductible donation to our Annual Fundraising Campaign. With budget cuts and our recovering economy, finding funding for youth sports programs in our local community has been drastically reduced/difficult. Our program relies heavily upon fundraising efforts by our families to pay for the rising costs of venue fees (pools, lifeguards) for practices and events, to purchase necessary equipment (balls, apparel, caps, cages), to pay for experienced knowledgeable coaching staff as well as participation in local tournaments. Your support will aid our program in furthering our goals by offering the necessary equipment and coaching to help our athletes become successful.

One of our missions is to never turn student athletes away from this sport due to their personal financial situation. We provide a scholarship program that also needs funding to make this goal possible. We offer the opportunity to play year round club water polo for more than 20 student-athletes that currently are in the free/reduced federal lunch program. We hope to continue this outreach to be sure every student athlete in our area that is interested in playing water polo has this same opportunity.

Over the past several years our teams have competed successfully in the most competitive tournaments around the country. We also have athletes that have competed and made the USA National teams for their age group after their development through our club. Additionally, our athletes have made Junior Olympics every year and need your help to be able to compete again this year. Some of our recent team accomplishments at Junior Olympics are below:

Championship Platinum Division: 2017 - 12 & under girls: 2nd place in the Nation 2016 - 12 & under girls : 11th place in the Nation 2016 - 14 & under boys : 11th place in the Nation 2016 - 18 & under girls: 21st place in the Nation 2015 - 10 & under girls: 3 rd place in the Nation	Classic Gold Division: 2017 - 18 & under girls: Silver Medal 2016- 16 & under boys: Gold Medal 2015 - 12 & under boys: Gold Medal 2015 - 14 & under girls: Gold Medal 2015 - 18 & under girls: Gold Medal 2014 - 18 & under boys: Silver Medal

We are also fortunate to have hosted national and international water polo events here in Riverside. One such event was the FINA Intercontinental Qualification tournament with countries from around the world competing and staying in Riverside. We have also hosted US Club Championships, Olympic Development Program National Championship, Masters Nationals Championships, Junior Olympic Qualification tournaments as well as several other local tournaments. These events bring athletes, their families and thousands of spectators to pool decks in Riverside as well as the many business establishments throughout the city.

In our continued efforts to remain competitive, promote our city and gain exposure for our athletes, we rely on the generous support from our local partnership with community businesses. We are asking for both monetary and tangible donations to help directly fund our efforts. With your partnership we would like to continue funding the many events and athletes mentioned above while we help promote and advertise for you and your business.
